The Award will be based on the work of the entire Board. One winner will be selected and up to two honorable mention recipients. The winning organization will receive a \$10,000 grant. Winning and honorable mention recipients will receive communication exposure and training and development opportunities for the board and CEO. The decision of the Selection Committee is final.

Award recipients who are not a member of the Center for Nonprofit Advancement at the time of the Award presentation in July will be granted Center membership. Membership dues will be deducted from the recipient's grant award. The recipient will have full access to resources, goods and services available to Center members for a 12-month period.

What does an outstanding Board look like?

An outstanding board will demonstrate that, by challenging itself, it has made a meaningful difference in the life of the organization. An outstanding board will have moved beyond recommended fundamental roles and responsibilities to bring new levels of leadership and focus within the board that deliver results for the organization.

There is a presumption that boards nominated for the award can demonstrate adherence to fundamental board practices, including support for the mission, respect for staff leaders, sound recruitment practices, a common commitment to diversity in perspectives and representation, participating actively in board affairs, prudent oversight of financial and program matters, personal generosity, and thoughtful and well informed decision making. Boards will be expected to confirm that fundamental practices are in place as part of the review process.

The recipients of the Board Leadership Award will demonstrate to other boards and organizations in the Washington region the value of approaching governance with the goal of moving beyond fundamental board practices and toward making the most of the board's composition and contributions to organizational effectiveness and growth.

Feedback

All applicants will receive brief written comments on their Part One application from the Selection Committee. The Nomination and Selection

A committee of distinguished members of the business, philanthropic and nonprofit community will review all nominations and identify candidates to advance in the selection process. The nomination and selection process includes three stages:

Part One

1. Nomination: All eligible Board Leadership Award candidates must be nominated. Nominations can be made by the Executive Director/President/CEO in cooperation with the Board Chair and other board members, or by external stakeholders, such as funders, donors and recipients of the organization's services. Nominations without the acknowledgement of the organization's Board Chair and Executive Director will not be accepted. Only one nomination per organization will be considered.

Part Two

2. Interview: The Selection Committee will determine the nominees selected for interviews. Any additional information required by the committee will be requested at this point. The Executive Director and knowledgeable Board members, including the Board chair and the chair of the committee responsible for the achievement described in the application, will participate in an interview that explores the basis of the nomination and the philosophy, action, experiences and impact of the board.

Part Three

3. Site Visit: The Selection Committee will determine the nominees to be selected for site visits. The Selection Committee may request additional information to be presented during this site visit. The Executive Director and knowledgeable Board members, including the Board Chair must be present.

Finals

4. Selection: After the site visit, one of these finalists will be awarded the Board Leadership Award and up to two will be awarded honorable mention. The decision of the Selection Committee is final.
